

Advice to Commissioners for Leaders wanting to do Residential Licences

A Leader who wishes to obtain a qualification to gain a residential licence should:

- Speak to their Division Commissioner, or Division Going Away With Adviser/Residential Adviser, who will put them in touch with the Adventure & Events Team.
- Ask you to complete a request for mentor form, which should be completed and forwarded to the County Office at GAW@girlguidingleeds.org.uk ideally before any plans have been made.
- Be allocated a mentor. (This will be arranged by the Adventure & Events Team.)
- Check for any relevant planned trainings they could attend. These will be detailed on the County website and in Snippets.

Please note, Leaders are recommended to complete all of the above steps before making definite plans for their residential as this means we are able to fully support them through the process.
